FOR IMMEDIATE RELEASE

Krusinski Construction completes new School Health facility

ROLLING MEADOWS, IL (September 6, 2019) – Krusinski Construction Company (KCC) is proud to announce that it has completed construction of School Health’s LEED-Certified distribution, packaging and office facility at 5600 Apollo Drive in Rolling Meadows, Illinois.

School Health, the leading national, full-service provider of health supplies, services and solutions, has relocated its staff and resources to its new two-story, 112,500-square-foot building from Hanover Park, Illinois.

The project included the demolition of an existing building on-site to make room for the ground-up, precast construction. The facility features a cutting-edge warehouse with a fully integrated WMS pick and pack environment, a power fed system solution conveyor, more than a dozen dock doors, a 32-foot clear-height ceiling, and LED lighting.

In addition, the building is comprised of approximately 30,000 square feet of open office for individual and team collaboration. Some of its modern features, include: a two-story town hall for hosting company gatherings; accent railings with glass panels on the stairs overlooking the two-story open office area concept; a library with sound absorption panels and wood veneered walls; two fireplaces with various breakout stations, and an entertainment patio with fire pit, audio and video capabilities

The project team consisted of: Krusinski Construction Company as general contractors; Trammell Crow Company as owner's representative; Ware Malcomb as architect; and SpaceCo, Inc. as civil engineers.

ABOUT SCHOOL HEALTH

Founded in 1957, [School Health Corporation](#) has been dedicated to helping school-based health professionals in keeping their students healthy. As a national, full-service provider of health supplies and services, School Health's comprehensive offering includes health supplies, sports medicine equipment, early childhood products, and special needs aids. School Health goes beyond merely supplying products by also providing product support, training, advisory services and exceptional customer care.
